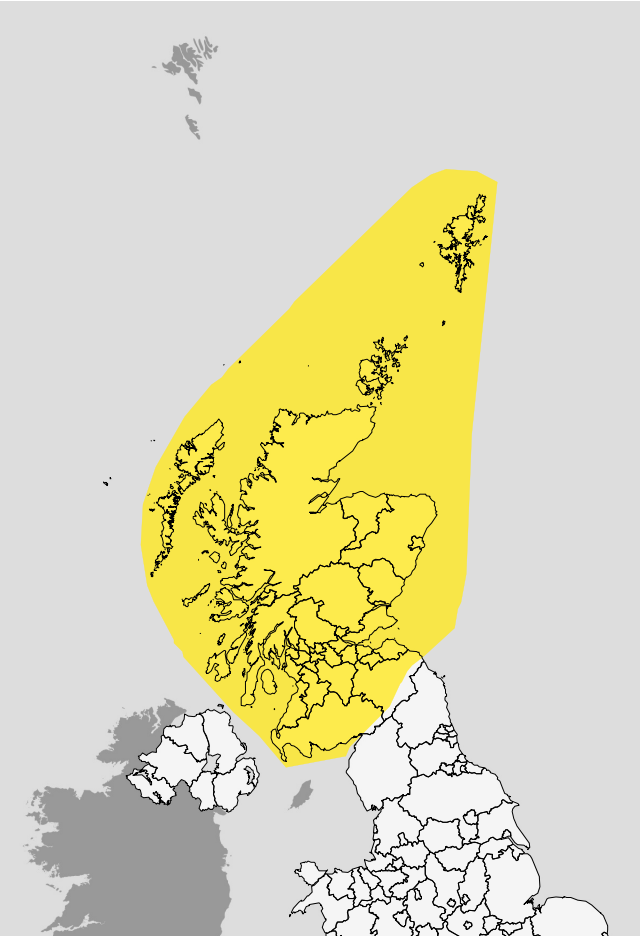
Yellow warning
Ice

Between
18:00 Sun 1 Jan 2023 and
11:00 Mon 2 Jan 2023



Icy stretches likely to form Sunday evening

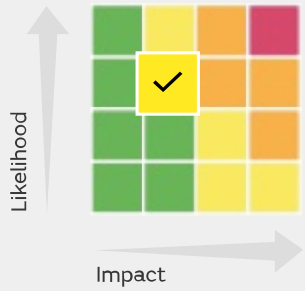
What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Rain, sleet and snow is expected to ease during Sunday leaving surfaces wet and with a cold night to come this is likely to lead to icy stretches forming widely on untreated surfaces across Scotland.

In addition some further sleet/snow showers are possible overnight for parts of the west and south though ice remains the main hazard.



Medium likelihood of low impacts

Issued at 09:29 Sun 1 Jan, 2023
